## HOW IT WORKS:

Your guests provide the direction of the show to our performers by writing their favorite songs on request slips that they bring up to the pianos. The multi-talented players then perform these songs, while urging the audience to participate. The fact that many of their favorite Rock, Country and R&B songs can actually be performed on the piano will leave the audience wide-eyed and amazed. To further the crowd interaction, we may also bring some of the guests up onto the stage to perform a song, dance and/or skit for the audience that will bring the house down.
